Dominic,

The success of Prihoda relies almost entirely on our representative network and their efforts promoting our brand and servicing customers in their respective territories.

While it can often get lost in the day-to-day shuffle, it is very important to us that we not only take the time to acknowledge those exceptional individual efforts, but also express our sincere appreciation of the partnership between QAT (Qualité Air Totale) Inc and Prihoda.

It is no secret that the past 2 years have been very challenging for everyone around the World, but your collective efforts and attitudes exemplify what we look for as an ideal Representative of the Prihoda Brand. The results of those actions speak for themselves.

On behalf our team at Prihoda we would like to congratulate the entire QAT team and QAT leadership for winning The Rep Excellence Award for 2021. Not only was QAT the #1 rep in overall sales for Canada, QAT also placed in our top 5 reps for all of the US and Canada as well. Bravo!

We present this award as a symbolic token of our gratitude for all your resilient efforts to continuously achieve those results year in and year out. All of us at Prihoda North America look forward to many more successful years of collaboration with the QAT team, their customers, and designers.

Sincerely,
Andrew Sorenson
